## **INDEPENDENT AUDITOR'S REPORT**

To the Members of I-Fox Windtechnik India Private Limited

### **Report on the Audit of the Financial Statements**

#### **Opinion**

We have audited the financial statements of I-Fox Windtechnik India Private Limited ("the Company"), which comprise the balance sheet as at March 31, 2024, the statement of Profit and Loss including Other Comprehensive Income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its loss, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

#### **Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, and Shareholder's Information (herein referred to as "the Reports") but does not include the financial statements and our auditor's report thereon. The report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

### **Responsibilities of Management and Those Charged with Governance for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that gives a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal controls over financial reporting system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Other Matter**

##### **Incoming auditor to audit comparative information for adjustments to transition to Ind AS**

1. The statutory audit was conducted via making arrangements to provide requisite documents/ information through an electronic medium. The Company has made available the following information/ records/ documents/ explanations to us through e-mail and remote secure network of the Company: -

a) Scanned copies of necessary records/documents deeds, certificates and the related records made available electronically through e-mail or remote secure network of the Company; and

b) By way of enquiries through video conferencing, dialogues and discussions over the phone, e-mails, and similar communication channels.

It has also been represented by the management that the data and information provided electronically for the purpose of our audit are correct, complete, reliable and are directly generated from the accounting system of the Company, extracted from the records and files, without any further manual modifications so as to maintain its integrity, authenticity, readability and completeness. In addition, based on our review of the various internal audit reports/inspection reports/other reports (as applicable), nothing has come to our knowledge that makes us believe that such an audit procedure would not be adequate.

Our opinion is not modified with respect to these matters.

### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

3. As required by Section 143(3) of the Act, we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(c) The Balance Sheet, the Statement of Profit and Loss including the other comprehensive income, the Statement of Changes in equity and the Cash Flow Statement dealt with in this Report are in agreement with the books of the account.

(d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act.

(e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.

(f) With respect to the adequacy of the internal financial controls over the financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company does not have any pending litigations which would impact its financial position.
- ii. The Company did not have any long-term contracts, including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the notes to the accounts, no funds (which are material either individually or in aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.  
(b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the notes to the accounts, no funds (which are material either individually or in aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material misstatement.
- v. There is no dividend declared or paid during the year by the company.

vi. For the purpose of recording each and every transaction in the books of accounts, the company using Tally Prime software i.e. Accounting software for maintenance of books of accounts, this software must have an audit trail feature as per the requirement of Companies Act 2013, However during the year the audit trail feature was not activated/operated throughout the year.

**ANNEXURE-ATO THE INDEPENDENT AUDITORS' REPORT**  
**(Referred to in paragraph - 1 under the heading of "Report on Other Legal and Regulatory Requirements" of our Report of even date.)**

Based on the audit procedures performed for the purpose of reporting a true and fair view of the financial statements of the Company and taking into consideration the information and explanations given by the management and the books of account and other records examined by us in the normal course of the audit and to the best of our knowledge and belief, we report that: -

- (i) (a) (A) The company has maintained proper records showing full particulars including quantitative details and the situation of property, plant and equipment.
- (B) The company has maintained proper records showing full particulars of intangible assets.
- (b) The management has physically verified the property, plant and equipment at reasonable intervals and no material discrepancies were noticed on such verification.
- (c) There are no immovable properties held in the name of the Company. Hence, clause 3(i)(c) of the Order is not applicable.
- (d) The company is not revaluing its property, plant and Equipment (including right-of-use assets) or intangible assets during the year, hence paragraph 3 (1) (d) is not applicable to the company.
- (e) Based on the management representation, there are no proceedings have been initiated or are pending against the company for holding any Benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder, hence the paragraph 3 (1) (e) is not applicable on the company.
- (ii) (a) On the basis of our examination of the books of accounts and records and in our opinion, the management has physically verified the inventory at reasonable intervals, the coverage and procedure of such verification by the management are appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory have been found by the management.
- (b) The Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year. Accordingly, reporting under clause 3(ii)(b) of the Order is not applicable to the Company.
- (iii) On the basis of our examination of the books of accounts and records, during the year the company has made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties.

- (a) Based on the examination of the books of accounts and records of the company, during the year the company has provided loans or provided advances in the nature of loans, or stood guarantee, or provided security to any other entity details of the same have been given below: -

(Figures in Lakh)

Particulars	Guarantees	Security	Loans	Advances in the nature of loans
Aggregate amount granted/ provided during the year	-	-	-	-
- Subsidiaries	-	-	-	-
- Joint Ventures	-	-	-	-
- Associates	-	-	-	-
- Others	-	-	-	-
Balance outstanding as at balance sheet date in respect of above cases: -	-	-	-	-
- Subsidiaries	-	-	-	-
- Joint Ventures	-	-	-	-
- Associates	-	-	-	-
- Others	-	-	416.16	-

- (b) Based on the examination of the books of accounts and records of the company, the investments made, guarantees provided, security given and the terms and conditions of the grant of all loans and advances in the nature of loans and guarantees provided are not prejudicial to the company's interest.
- (c) Based on the examination of the books of accounts and records of the company, the schedule of repayment of principal and payment of interest are not available and accordingly, we are unable to comment on the regularity of repayment of principal and receipts of interest on following loans given:
- (d) Based on the information provided by the management, the loans are repayable on demand and, hence paragraph 3(iii)(d) is not applicable.
- (e) Based on the information provided by the management, the loans are repayable on demand and, hence paragraph 3(iii)(e) is not applicable.
- (f) Based on the examination of the books of accounts and records of the company, the company has granted loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment. The details of the same are given below: -

	(Figures in Lakhs)		
	All Parties	Promoters	Related parties
The aggregate amount of loans/ advances in nature of loans			
- Repayable on demand (A)	416.16		416.16
- Agreement does not specify any terms or period of repayment (B)			
<b>Total (A+B)</b>	416.16		416.16
Percentage of loans/ advances in nature of loans to the total loans	100.00%		100.00%

- (iv) In our opinion, with respect to loans, investments, guarantees, and security provisions of sections 185 and 186 of the Act have been complied with.
- (v) The company has not accepted any deposits or amounts which are deemed to be deposited; hence paragraph 3(v) of the order is not applicable.
- (vi) To the best of our knowledge, the company is not required to maintain cost records under the Companies (Cost Records and Audit) Rules, 2014, as amended and prescribed by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013.
- (vii) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues have been subsumed into Goods and Services Tax.

On the basis of our examination of the records of the company, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, Provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value-added tax, cess and any other statutory dues have generally been regularly deposited during the year by the company with the appropriate authorities, though there has been a slight delay in a few cases, to the extent applicable to it.

In our opinion, no undisputed amounts payable in respect of provident fund, income tax, sales tax, value-added tax, duty of customs, service tax, cess and other material statutory dues were in arrears as at 31 March 2024 for a period of more than six months from the date they became payable except as mentioned below in the table:

Name of the Statute	Nature of the dues	Amount (In Rs.)	Period to which the amount relates	Date of payment	Remarks, if any
Employee's Provident Funds Scheme, 1952	Provident fund	73,206	FY 2023-24		
The Income Tax, 1961	Tax Deposited at source	34184	FY 2022-23		

- (b) On the basis of our examination of the books of accounts and records, the company does not have the dues referred to in subclause (a) above that have not been deposited on account of any dispute.
- (viii) On the basis of our examination of the books of accounts and records, there are no transactions that are there which is not recorded in the books of account that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961), hence clause 3 (viii) is not applicable to the company.
- (ix) (a) On the basis of our examination of the books of accounts and records and in our opinion, there is no default in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- (b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- (c) In our opinion and according to the information and explanations given to us, the company has utilized the money obtained by way of term loans during the year for the purposes for which they were obtained.
- (d) The Company has not taken any short-term loan during the year and hence, reporting under clause 3(ix)(d) of the Order is not applicable.
- (e) According to the information and explanations given to us and on an overall examination of the financial statements of the company, we report that the company does not have any subsidiary, associate or joint venture. Hence, reporting under clause 3(ix)(e) of the Order is not applicable.
- (f) According to the information and explanations given to us and procedures performed by us, we report that the company does not have any subsidiary, associate or joint venture. Hence, reporting under clause 3(ix)(f) of the Order is not applicable.

- (x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- (xi) (a) In our opinion, no fraud by the company or any fraud on the Company has been noticed or reported during the course of our audit.
- (b) No report under sub-section (12) of section 143 of the Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) As represented to us by the management, there are no whistle-blower complaints received by the company during the year.
- (xii) The Company is not a Nidhi company. Hence, paragraph 3(xii) of the Order is not applicable.
- (xiii) Based on our examination of the records of the Company and in our opinion, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- (xiv) (a) In our opinion and based on our examination, the company does not have an internal audit system and is not required to have an internal audit system as per the provisions of the Act.
- (b) The company did not have an internal audit system for the period under audit.
- (xv) According to the information and explanations given to us, in our opinion during the year the company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Act are not applicable to the company.
- (xvi) (a) Based on our examination of the records of the Company, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934.
- (b) Based on our examination of the records of the Company, the Company has not conducted any non-banking financial or Housing Finance activities without a valid Certificate of Registration from the Reserve Bank of India Act, 1934.
- (c) Based on our examination of the records of the Company, the Company is not a Core Investment company (CIC) as defined in the regulations made by the Reserve Bank of India and accordingly there is no requirement to fulfill the criteria of a CIC.

- (d) According to the information and explanations given to us, there is not more than one CIC as part of the group. However, one more group company meets the criteria for CIC company but the same is already registered as an "NBFC-Investment & Credit Company", accordingly not considered here for reporting the number of CICs in the group.
- (xvii) Based on our examination of the records of the Company, the Company has incurred cash losses amounting to Rs 15.66 Lakh and Nil during the financial year and in the immediately preceding financial year respectively.
- (xviii) There has been no resignation of the statutory auditors during the year and accordingly this clause is not applicable.
- (xix) According to the information and explanations are given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, and other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of the balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.
- (xx) Based on our examination of the records of the Company, section 135 of the Act is applicable to the Company, hence, paragraph 3(xx) of the order is not applicable.

**ANNEXURE – B TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF I-Fox Windtechnik India Private Limited**

**Report on the Internal Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013.**

We have audited the internal controls over the financial reporting of I-Fox Windtechnik India Private Limited (“the Company”) as of March 31, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

**Management’s Responsibility for Internal Financial Controls**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**Auditors’ Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

## Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

# I-FOX WINDTECHNIK INDIA PRIVATE LIMITED

## Notes to the standalone financial statements for the year ended 31 March 2024

### 1. Company Information

I-Fox Windtechnik India Private Limited ("the Company") is a private limited company incorporated in India. The Company is engaged in the business of providing Operations and Maintenance ("O&M") services of WTGs. The Company is a subsidiary of Inox Green Energy Services Limited (formerly known as Inox Wind Infrastructure Services Limited) which is a subsidiary of Inox Wind Limited and its ultimate holding company is Inox Leasing and Finance Limited. The area of operations of the Company is within India.

The Company's registered office is located at Shed No -12, Sidco Industrial Estate Four Road, Gudimangalam, Udumalpet Tirupur Coimbatore Tamil Nadu-642201, India.

### 2. Statement of compliance and basis of preparation and presentation

#### 2.1 Statement of Compliance

These financial statements are the separate financial statements of the Company (also called standalone financial statements) and comply in all material aspects with the Indian Accounting Standards ("Ind AS") notified under section 133 of the Companies Act, 2013 ("the Act") and other relevant provisions of the Act.

These financial statements for the year ended March 31, 2023 are the first financials with comparatives, prepared under Ind AS. For all previous periods including the year ended March 31, 2022, the Company had prepared its financial statements in accordance with the accounting standards notified under the Companies (Accounting Standard) Rule, 2006 (as amended) and other relevant provisions of the Act (hereinafter referred to as 'Previous GAAP') used for its statutory reporting requirement in India.

The accounting policies are applied consistently to all the periods presented in the financial statements, including the preparation of the opening Ind AS Balance Sheet as at April 01, 2021 being the date of transition to Ind AS.

#### 2.2 Basis of Measurement

These Financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded off to the nearest lakhs, unless otherwise indicated.

These financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the material accounting policies.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorized into Levels 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

# I-FOX WINDTECHNIK INDIA PRIVATE LIMITED

## Notes to the standalone financial statements for the year ended 31 March 2024

- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

### 2.3 Basis of Preparation and Presentation

Accounting policies have been consistently applied except where a newly issued accounting standard initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

These financial statements have been prepared on an accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements.

Any asset or liability is classified as current if it satisfies any of the following conditions:

- the asset/liability is expected to be realized/settled in the Company's normal operating cycle;
- the asset is intended for sale or consumption;
- the asset/liability is held primarily for the purpose of trading;
- the asset/liability is expected to be realized/settled within twelve months after the reporting period;
- the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- in the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

All other assets and liabilities are classified as non-current.

For the purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months.

These Financial Statements were authorized for issue by the Company's Board of Directors on May 02, 2024.

### 3. Material Accounting Policies

#### 3.1 Business combinations

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Company, liabilities incurred by the Company to the former owners of the acquiree and the equity interests issued by the Company in exchange of control of the acquiree. Acquisition-related costs are generally recognized in profit or loss as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognized at their fair value, except that:

- deferred tax assets or liabilities, and assets or liabilities related to employee benefit arrangements are recognized and measured in accordance with Ind AS 12 Income Taxes and Ind AS 19 Employee Benefits respectively;
- assets (or disposal Group) that are classified as held for sale in accordance with Ind AS 105 Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that Standard.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed.

In case of a bargain purchase, before recognising a gain in respect thereof, the Company determines whether there exists clear evidence of the underlying reasons for classifying the business combination as a bargain purchase. Thereafter, the Company reassesses whether it has correctly identified all of the assets acquired and all of the

# I-FOX WINDTECHNIK INDIA PRIVATE LIMITED

## Notes to the standalone financial statements for the year ended 31 March 2024

liabilities assumed and recognises any additional assets or liabilities that are identified in that reassessment. The Company then reviews the procedures used to measure the amounts that Ind AS requires for the purposes of calculating the bargain purchase. If the gain remains after this reassessment and review, the Company recognises it in other comprehensive income and accumulates the same in equity as capital reserve. This gain is attributed to the acquirer. If there does not exist clear evidence of the underlying reasons for classifying the business combination as a bargain purchase, the Company recognises the gain, after reassessing and reviewing (as described above), directly in equity as capital reserve.

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the recognized amounts of the acquiree's identifiable net assets. The choice of measurement basis is made on a transaction-by-transaction basis. Other types of non-controlling interests are measured at fair value or, when applicable, on the basis specified in another Ind AS.

When the consideration transferred by the Company in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at its acquisition-date fair value and included as part of the consideration transferred in a business combination. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with corresponding adjustments against goodwill or capital reserve, as the case may be. Measurement period adjustments are adjustments that arise from additional information obtained during the 'measurement period' (which cannot exceed one year from the acquisition date) about facts and circumstances that existed at the acquisition date.

The subsequent accounting for changes in the fair value of the contingent consideration that do not qualify as measurement period adjustments depends on how the contingent consideration is classified. Contingent consideration that is classified as equity is not remeasured at subsequent reporting dates and its subsequent settlement is accounted for within equity. Contingent consideration that is classified as an asset or a liability is remeasured at fair value at subsequent reporting dates with the corresponding gain or loss being recognized in profit or loss.

When a business combination is achieved in stages, the Company's previously held equity interest in the acquiree is remeasured to its acquisition-date fair value and the resulting gain or loss, if any, is recognized in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that has previously been recognized in other comprehensive income are reclassified to profit or loss where such treatment would be appropriate if that interest were disposed of.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Company reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period (see above), or additional assets or liabilities are recognized to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date.

### 3.2 Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business (see Note 3.1 above) less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Company's cash-generating units (or groups of cash-generating units) that are expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in

# I-FOX WINDTECHNIK INDIA PRIVATE LIMITED

## Notes to the standalone financial statements for the year ended 31 March 2024

the unit. Any impairment loss for goodwill is recognized directly in profit or loss. An impairment loss recognized for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

### 3.3 Revenue recognition

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration that the Company expects to receive in exchange for those products or services.

- Revenue from services rendered is recognized in profit or loss in proportion to the stage of completion of the transaction at the reporting date and when the costs incurred for the transactions and the costs to complete the transaction can be measured reliably, as under:
  - Revenue from operations and maintenance and common infrastructure facilities contracts is recognized over the period of the contract, on a straight-line basis w.e.f signing of contracts.
  - Revenue is recognized when it is probable that the economic benefits associated with the transaction will flow to the Company and the amount of income can be measured reliably.
  - Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer.
  - Revenue also excludes taxes collected from customers. Revenue from subsidiaries is recognized based on transaction price which is at arm's length. Contract assets are recognized when there is the excess of revenue earned over billings on contracts.
- Contract assets are classified as unbilled receivables (only the act of invoicing is pending) when there is an unconditional right to receive cash, and only passage of time is required, as per contractual terms.
- Unearned and deferred revenue ("contract liability") is recognized when there are billings in excess of revenues.
- The billing schedules agreed upon with customers include periodic performance-based payments and/or milestone-based progress payments. Invoices are payable within the contractually agreed credit period.
- In accordance with Ind AS 37, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.
- Contracts are subject to modification to account for changes in contract specifications and requirements. The Company reviews modifications to the contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or the transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

#### Use of significant judgments in revenue recognition

- The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or the existence of an enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

#### 3.3.1 Other income

- Interest income from a financial asset is recognized on a time basis, by reference to the principal outstanding at the effective interest rate applicable, which is the rate which exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition. Insurance claims are recognized to the extent there is a reasonable certainty of the realizability of the claim amount.
- Dividend income is recorded when the right to receive payment is established. Interest income is recognized using the effective interest method.

# I-FOX WINDTECHNIK INDIA PRIVATE LIMITED

## Notes to the standalone financial statements for the year ended 31 March 2024

### 3.4 Leases

Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months unless the underlying asset is of low value. A lessee is required to recognise a right-of-use asset representing its right to use the underlying leased asset and a lease liability representing its obligation to make lease payments.

### 3.5 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognized in profit or loss in the period in which they are incurred.

### 3.6 Employee benefits

#### 3.6.1 Retirement benefit costs

Recognition and measurement of defined contribution plans:

Payments to defined contribution benefit plans viz. government-administered provident funds and pension schemes are recognized as an expense when employees have rendered service entitling them to the contributions.

Recognition and measurement of defined benefit plans:

For a defined benefit plan, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate to the net defined benefit plan at the start of the reporting period, taking account of any change in the net defined benefit plan during the year as a result of contributions and benefit payments. Defined benefit costs are categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognized in the consolidated balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

# I-FOX WINDTECHNIK INDIA PRIVATE LIMITED

## Notes to the standalone financial statements for the year ended 31 March 2024

### 3.6.2 Short-term and other long-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave, bonus etc. in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognized in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

### 3.7 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

#### 3.7.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years, items that are never taxable or deductible and tax incentives. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

#### 3.7.2 Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognized if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognized for taxable temporary differences associated with investments in subsidiaries and associates, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments are only recognized to the extent that it is probable that there will be sufficient taxable profits against which the benefits of the temporary differences can be utilised and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

# I-FOX WINDTECHNIK INDIA PRIVATE LIMITED

## Notes to the standalone financial statements for the year ended 31 March 2024

### 3.7.3 Presentation of current and deferred tax :

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In the case of deferred tax assets and deferred tax liabilities, the same are offset if the Company has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Company.

### 3.8 Property, plant and equipment

An item of Property, Plant and Equipment (PPE) that qualifies as an asset is measured on initial recognition at cost. Following initial recognition, property, plant and equipment are carried at cost, as reduced by accumulated depreciation and impairment losses, if any.

The Company identifies and determines the cost of each part of an item of property, plant and equipment separately if the part has a cost which is significant to the total cost of that item of property, plant and equipment and has a useful life that is materially different from that of the remaining item.

Cost comprises the purchase price/cost of construction, including non-refundable taxes or levies and any expenses attributable to bringing the PPE to its working condition for its intended use. Project pre-operative expenses and expenditures incurred during the construction period are capitalized to various eligible PPE. Borrowing costs directly attributable to the acquisition or construction of qualifying PPE are capitalised.

Spare parts, stand-by equipment and servicing equipment that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Costs in nature of repairs and maintenance are recognized in the Statement of Profit and Loss as and when incurred.

The cost of assets not ready for intended use, as on the Balance Sheet date, is shown as capital work in progress. Advances given towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets.

Depreciation is recognized to write off the cost of PPE (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The useful lives prescribed in Schedule II to the Companies Act, 2013 are considered the minimum lives. If the management's estimate of the useful life of property, plant and equipment at the time of acquisition of the asset or of the remaining useful life on a subsequent review is shorter than that envisaged in the aforesaid schedule, depreciation is provided at a higher rate based on the management's estimate of the useful life/remaining useful life. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

PPE is depreciated over its estimated useful lives, determined as under:

- Freehold land is not depreciated.
- On other items of PPE, based on useful life as per Part C of Schedule II to the Companies Act, 2013.

The management believes that these estimated useful lives are realistic and reflect a fair approximation of the period over which the assets are likely to be used.

# I-FOX WINDTECHNIK INDIA PRIVATE LIMITED

## Notes to the standalone financial statements for the year ended 31 March 2024

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from its use or disposal. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss.

### 3.9 Intangible assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated recognized and accumulated impairment losses. Amortization is recognized on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

Intangible assets acquired in a business combination and recognized separately from goodwill are initially recognized at their fair value at the acquisition date (which is regarded as their cost). Subsequent to initial recognition, intangible assets acquired in a business combination are reported at cost less accumulated recognized and impairment losses, on the same basis as intangible assets as above.

An intangible asset is recognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognized in profit or loss when the asset is recognized.

Estimated useful lives of intangible assets

The estimated useful lives of the intangible assets are as follows:

- Software 6 years

### 3.10 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets (other than goodwill) to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

The recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. If it is not possible to measure fair value less cost of disposal because there is no basis for making a reliable estimate of the price at which an orderly transaction to sell the asset would take place between market participants at the measurement dates under market conditions, the asset's value in use is used as the recoverable amount.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had the impairment loss not been recognized.

# I-FOX WINDTECHNIK INDIA PRIVATE LIMITED

## Notes to the standalone financial statements for the year ended 31 March 2024

not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.

### 3.11 Inventories

Inventories are valued at lower of the cost and net realisable value. Cost is determined using a weighted average cost basis.

Cost of inventories comprises all costs of purchase, duties and taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventory to their present location and condition.

Cost of work-in-progress includes the cost of materials, conversion costs, an appropriate share of fixed and variable overheads and other costs incurred in bringing the inventories to their present location and condition. The net realisable value represents the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

### 3.12 Provisions and Contingencies

The Company recognizes provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably.

When there is a possible obligation or a present obligation in respect of which the likelihood of the outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

Contingent liabilities acquired in a business combination are initially measured at fair value at the acquisition date. At the end of the subsequent period, such contingent liabilities are measured at the higher of the amounts that would be recognized in accordance with Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets and the amount initially recognized less cumulative amortisation recognized in accordance with Ind AS 18 Revenue, if any.

### 3.13 Financial instruments

Financial assets and financial liabilities are recognized when the Company member becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs are directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss and are recognized immediately in profit or loss.

# I-FOX WINDTECHNIK INDIA PRIVATE LIMITED

## Notes to the standalone financial statements for the year ended 31 March 2024

### A] Financial assets

#### a) Initial recognition and measurement:

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instrument. On initial recognition, a financial asset is recognized at fair value, in the case of financial assets which are recognized at fair value through profit and loss (FVTPL), its transaction costs are recognized in the statement of profit and loss. In other cases, the transaction costs are attributed to the acquisition value of the financial asset.

#### b) Effective interest method:

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognized in profit or loss and is included in the "Other income" line item.

#### c) Subsequent measurement:

For subsequent measurement, the Company classifies a financial asset in accordance with the below criteria:

- i. The Company's business model for managing the financial asset and
- ii. The contractual cash flow characteristics of the financial asset.

Based on the above criteria, the Company classifies its financial assets into the following categories:

#### i. Financial assets measured at amortized cost:

A financial asset is measured at the amortized cost if both the following conditions are met:

- a) The Company's business model objective for managing the financial asset is to hold financial assets in order to collect contractual cash flows, and
- b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to cash and bank balances, trade receivables, loans, certain investments and other financial assets of the Company. Such financial assets are subsequently measured at amortized cost using the effective interest method.

The amortized cost of a financial asset is also adjusted for loss allowance, if any.

#### ii. Financial assets measured at FVTOCI:

A financial asset is measured at FVTOCI if both of the following conditions are met:

- a) The Company's business model objective for managing the financial asset is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Investments in equity instruments, classified under financial assets, are initially measured at fair value. The Company may, on initial recognition, irrevocably elect to measure the same either at FVTOCI or FVTPL. The Company makes such an election on an instrument-by-instrument basis. Fair value changes on an equity instrument

# I-FOX WINDTECHNIK INDIA PRIVATE LIMITED

## Notes to the standalone financial statements for the year ended 31 March 2024

are recognized as other income in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVTOCI.

The Company does not have any financial assets in this category.

### iii. Financial assets measured at FVTPL:

A financial asset is measured at FVTPL unless it is measured at amortized cost or at FVTOCI as explained above. This is a residual category applied to all other investments of the Company. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognized in the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognized as 'other income' in the Statement of Profit and Loss.

### d) Derecognition:

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is derecognized (i.e. removed from the Company's Balance Sheet) when any of the following occurs:

- i. The contractual rights to cash flows from the financial asset expires;
- ii. The Company transfers its contractual rights to receive cash flows of the financial asset and has substantially transferred all the risks and rewards of ownership of the financial asset;
- iii. The Company retains the contractual rights to receive cash flows but assumes a contractual obligation to pay the cash flows without material delay to one or more recipients under a 'pass-through' arrangement (thereby substantially transferring all the risks and rewards of ownership of the financial asset);
- iv. The Company neither transfers nor retains substantially all risk and rewards of ownership and does not retain control over the financial asset.

In cases where the Company has neither transferred nor retained substantially all of the risks and rewards of the financial asset, but retains control of the financial asset, the Company continues to recognize such financial asset to the extent of its continuing involvement in the financial asset. In that case, the Company also recognizes an associated liability.

The financial asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

On derecognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income and accumulated in equity is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset.

### e) Impairment of financial assets:

The Company applies the expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

- i. Trade receivables
- ii. Financial assets measured at amortized cost (other than trade receivables)
- iii. Financial assets measured at fair value through other comprehensive income (FVTOCI)

In the case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as a loss allowance.

In the case of other assets (listed as ii and iii above), the Company determines if there has been a significant increase in the credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognized as a loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognized as loss allowance.

# I-FOX WINDTECHNIK INDIA PRIVATE LIMITED

## Notes to the standalone financial statements for the year ended 31 March 2024

Subsequently, if the credit quality of the financial asset improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognizing impairment loss allowance based on a 12-month ECL.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the company expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

12-month ECL are a portion of the lifetime ECL which results from default events that are possible within 12 months from the reporting date. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset.

ECL is measured in a manner that reflects unbiased and probability-weighted amounts determined by a range of outcomes, taking into account the time value of money and other reasonable information available as a result of past events, current conditions and forecasts of future economic conditions.

As a practical expedient, the Company uses a provision matrix to measure lifetime ECL on its portfolio of trade receivables. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates. At each reporting date, the historically observed default rates and changes in the forward-looking estimates are updated.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as expense/income in the Statement of Profit and Loss under the head 'Other expenses'/'Other income'

### **B] Financial liabilities and equity instruments**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

#### **i. Equity instruments:-**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the entity are recognized at the proceeds received, net of direct issue costs.

Repurchase of the entity's own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

#### **ii. Compound financial instruments:-**

Compound financial instruments issued by the Company comprise of convertible debentures denominated in INR that can be converted to equity shares at the option of the holder. The debentures will be converted into equity shares at the fair value on the date of conversion.

The fair value of the liability component of a compound financial instrument is determined using a market interest rate of a similar liability that does not have an equity conversion option. This value is recorded as a liability on an amortised cost basis until extinguished on conversion or redemption of the debentures. The remainder of the proceeds is attributable to the equity portion of the instrument net of derivatives if any. The equity component is recognized and included in shareholder's equity (net of deferred tax) and is not subsequently re-measured. The derivative component is recognized at fair value and subsequently carried at fair value through profit or loss.

Interest related to the financial liability is recognized in profit or loss (unless it qualifies for inclusion in the cost of an asset). In case of conversion at maturity, the financial liability is reclassified to equity and no gain or loss is recognized.

# I-FOX WINDTECHNIK INDIA PRIVATE LIMITED

## Notes to the standalone financial statements for the year ended 31 March 2024

### iii. Financial Liabilities:-

#### a) Initial recognition and measurement :

Financial liabilities are recognized when a Company member becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at fair value.

#### b) Subsequent measurement:

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss.

The Company has not designated any financial liability as at FVTPL other than the derivative instrument.

#### c) Derecognition of financial liabilities:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid is recognized in the Statement of Profit and Loss.

### 3.14 Earnings Per Share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares, except where the results would be anti-dilutive.

### 3.15 Recent Accounting Pronouncement

Standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 - Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their material accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

# I-FOX WINDTECHNIK INDIA PRIVATE LIMITED

## Notes to the standalone financial statements for the year ended 31 March 2024

for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statement.

### 3.16 Critical accounting judgements and use of estimates

In application of the Company's accounting policies, which are described in Note 3, the Directors of the Company are required to make judgements, estimations and assumptions about the carrying value of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of revision or future periods if the revision affects both current and future periods.

3.17 Following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

#### a) Useful lives of Property, Plant & Equipment (PPE) & intangible assets:

The Company has adopted the useful lives of PPE as described in Notes 3.8 & 3.9 above. The Company reviews the estimated useful lives of PPE & intangible assets at the end of each reporting period.

#### b) Fair value measurements and valuation processes

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above.

For assets and liabilities that are recognized in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period and discloses the same.

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involves various judgements and assumptions. Where necessary, the Company engages third-party qualified valuers to perform the valuation.

Information about the valuation techniques and inputs used in determining the fair values of various assets and liabilities are disclosed in Note 31.

#### c) Other assumptions and estimation uncertainties, included in respective notes are as under:

- Recognition of deferred tax assets is based on estimates of taxable profits in future years. The Company prepares detailed cash flow and profitability projections, which are reviewed by the board of directors of the Company. The Company's tax jurisdiction is India. Significant judgments are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including the amount expected to be paid/recovered for uncertain tax positions – see Note 29.
- Measurement of defined benefit obligations and other long-term employee benefits: key actuarial assumptions.
- Assessment of the status of various legal cases/claims and other disputes where the Company does not expect any material outflow of resources and hence these are reflected as contingent liabilities. Recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources.
- Impairment of financial assets – see Note 31

**34: Capital Management**

For the purpose of the Company's capital Management, capital includes issued equity share capital, security premium and all other equity reserves attributable to the equity holders of the Company.

The Company's capital Management objectives are:

- to ensure the Company's ability to continue as a going concern
- to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total equity. The Company includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents, excluding discontinued operations, if any.

The gearing ratio at the end of the reporting period was as follows:

Particulars	(₹ in Lakh)	
	As at 31 March 2024	As at 31 March 2023
Non-current borrowings	8.23	10.67
Current borrowings	1,000.56	373.56
Total debt	<b>1,008.79</b>	<b>384.23</b>
Less: Cash and bank balances (excluding bank deposits kept as lien)	12.71	0.03
<b>Net debt</b>	<b>996.08</b>	<b>384.20</b>
Total Equity	978.70	1,037.28
<b>Net debt to equity ratio</b>	<b>1.02</b>	<b>0.37</b>

In order to achieve this overall objective, the Company's capital Management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. No changes were made in the objectives, policies or processes for managing capital during the year ended 31 March 2024.

I-FOX WINDTECHNIK INDIA PRIVATE LIMITED

Notes to the standalone financial statements for the year ended 31 March 2024

(d) Other financial assets	246.09	6.37
(e) Loan	416.16	416.16
<b>Sub Total</b>	<b>1,426.78</b>	<b>1,011.67</b>
<b>Total Financial Assets</b>	<b>1,426.78</b>	<b>1,011.67</b>
<b>(b) Financial liabilities</b>		
<b>Measured at fair value through profit or loss (FVTPL)</b>		
Other non current derivative financial liabilities	-	-
<b>Measured at amortised cost</b>		
(a) Borrowings	1,008.79	384.23
(b) Trade payables	399.30	300.84
(c) Other financial liabilities	135.22	75.49
<b>Sub Total</b>	<b>1,543.31</b>	<b>760.56</b>
<b>Total Financial Liabilities</b>	<b>1,543.31</b>	<b>760.56</b>

The carrying amount reflected above represents the Company's maximum exposure to credit risk for such financial assets.

(ii) Financial risk management

The Company's corporate finance function provides services to the business, coordinates access to financial market, monitors and manages the financial risks relating to the operations of the Company through internal risk reports which analyse exposures by degree and magnitude of the risk. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

(a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of change in market price. The Company does not have any foreign currency exposure, hence is not subject to foreign currency risks. Further, the Company does not have any investments, so the company is not subject to other price risks. Market risk comprise of interest rate risk and other price risk.

**35: Financial Instrument****(b) Interest rate risk management**

Interest rate risk refers to the possibility that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rate. The Company is exposed to interest rate risk because it borrows funds at both fixed and floating interest rates. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings.

**Interest rate sensitivity analysis**

The sensitivity analysis below have been determined based on the exposure to interest rates for floating rate liabilities at the end of the reporting period. For floating rate liabilities, a 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 50 basis points higher/lower and all other variables were held constant, the Company's profit for the year ended 31 March 2024 would decrease/increase by ₹ 1.36 Lakhs net of tax (for the year ended 31 March 2023 would decrease/increase by ₹ 0.51 Lakhs net of tax). This is mainly attributable to the Company's exposure to interest rates on its variable rate borrowings.

Particulars	₹ in Lakh	
	As at 31 March 2024	As at 31 March 2023
Floating rate liabilities	377.18	370.23
Fixed rate liability	631.61	14.01

**(c) Other price risks**

The Company's non listed equity securities as susceptible to market price risk arising from uncertainties about future values of the investment securities. Management monitors the investment closely to mitigate its impact on profit and cash flows.

**(d) Credit risk management**

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, other balances with banks, loans and other receivables.

**Trade receivables**

Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management. The Company is providing O&M services and is having long term contracts with such customers. Accordingly, risk of recovery of such amounts is mitigated. All trade receivables are reviewed and assessed for default at each reporting period.

35: Financial Instrument

(e) Liquidity Risk Management

Ultimate responsibility for liquidity risk management rests with the committee of board of directors of the Company and its holding company, which has established an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

Liquidity risk tables

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

The table below provides details regarding the contractual maturities of financial liabilities including estimated interest payments as at 31 March 2024:

Particulars	Less than 1 year	1 to 5 year	5 years and above	Total
<b>As at 31 March 2024</b>				
Borrowings	1,000.56	8.23	-	1,008.79
Trade payables	399.30	-	-	399.30
Other financial liabilities	135.22	-	-	135.22
<b>Total</b>	<b>1,535.08</b>	<b>8.23</b>	<b>-</b>	<b>1,543.31</b>

The table below provides details regarding the contractual maturities of financial liabilities including estimated interest payments as at 31 March 2023:

Particulars	Less than 1 year	1 to 5 year	5 years and above	Total
<b>As at 31 March 2023</b>				
Borrowings	373.56	10.67	-	384.23
Trade payables	300.84	-	-	300.84
Other financial liabilities	75.49	-	-	75.49
<b>Total</b>	<b>749.89</b>	<b>10.67</b>	<b>-</b>	<b>760.56</b>

(₹ in Lakh)

Note: The Company expects to meet its other obligations from operating cash flows and proceeds from maturing financial assets.
